Continuing education applications for Community Health Education Specialists, Registered Dietitians, and Registered Nurses will be submitted

Join us for the *Promoting Healthy Weight* colloquium, which is **FREE** for both online and onsite participants. This event will launch the third series of our biannual *Promoting Healthy Weight* colloquia. The Spring 2019 colloquium will focus on promoting a healthy weight for the maternal and child health population using a socio-ecological lens. Colloquium presentations are intended for family members, practitioners, and researchers. Approval for continuing education credits will be submitted for Registered Dietitians and Certified Health Education Specialists.
