WIC Developmental Monitoring Project: Networking Call Cont.

Results from Arkansas

Results from Massachusetts

Results from Nevada

Discussion Items

- Families with multiple children
- How to handle “may” milestones

Discussion

- What challenges are you having? Successes?
- What feedback have you received from parents? From staff?
- What have you learned so far that has improved implementing this project?
- What changes are you making now that pilot is under way?
- What are you doing to ensure sustainability of the program?
- What have you changed about the Missouri Model?
- What are some of the results you are seeing as a result of pilot?
- How are you keeping track of your data?
