ASPHN’S CHILDREN’S HEALTHY WEIGHT COLLABORATIVE IMPROVEMENT & INNOVATION NETWORK

OREGON CoIIN

Innovative Nutrition Workstream

GOAL:
To accelerate progress in integrating nutrition across sectors using I+PSE (Individuals, Policy, Systems and Environmental Change) so that all Oregonians have access to healthy foods.

METHODOLOGY
- Identified their goals early and collectively committed themselves to their completion
- Identified the I+PSE framework as innovative and beneficial to structuring their assessment and results
- Integrated a life course framework with an I+PSE framework to create an assessment mapping tool
- Completed a participatory assessment and facilitated discussion during a bimonthly NCO meeting
- Met in-person in Portland, Oregon to conduct the assessment

ACCOMPLISHMENTS
- Successfully used the I+PSE framework to accomplish their in-person statewide assessment
- Successfully completed a rapid assessment with participants with expertise in statewide nutrition programs
- Conducted a facilitated discussion following the mapping exercise
- Identified gaps between transition points that nutrition programs don’t address
- Provided a starting point for more discussion on nutrition security during transition points
- Agreed to focus efforts on nutrition security as a result of the assessment

PARTICIPANTS & PARTNERS
- Northwest Portland Area Indian Health Board
- One Community Health Center
- Oregon Academy of Nutrition and Statistics
