

**Liaison and ASPHN’s FVN Council Networking Call – Partner Resource Table**  
**March 31, 2022**

Please note: The resources in the table below do not represent the exhaustive list of fruit and vegetable-related resources from all ASPHN partners. The table only represents resources submitted by ASPHN liaisons.

Organization Name	Resource/Link	Description	Notes
NSSRI	<ol style="list-style-type: none"> <li>1. <a href="#">Health Bucks</a></li> <li>2. <a href="#">Half Off Farm Box</a></li> <li>3. <a href="#">Free Fruits, Vegetables and Beans at Supermarkets with SNAP/EBT:</a></li> <li>4. <a href="#">Food Standards:</a></li> <li>5. <a href="#">Good Choice for Food Service Providers:</a></li> <li>6. <a href="#">Nutrition Education at Farmers Markets</a></li> </ol>	<p>The following is from NYC Dept. of Health where NSSRI resides. Submitted by the NSSRI liaison. NSRRI’f focus is on sodium and sugar reduction.</p> <ol style="list-style-type: none"> <li>1. Farmers market coupons available to recipients of Supplemental Nutrition Assistance Program (SNAP) benefits and through community organizations.</li> <li>2. New Yorkers who participate in SNAP can get a box of locally and regionally grown farm fresh fruits and vegetables for half off the full box price at participating sites.</li> <li>3. New Yorkers who participate in the Supplemental Nutrition Assistance Program (SNAP/EBT) can get free fruits, vegetables and beans at certain NYC supermarkets.</li> <li>4. Standards set guidelines for any government facility where food is served, including vending machines, meetings/events and in commissaries at correctional facilities.</li> <li>5. This program helps food service providers find and buy healthier options for consumers.</li> </ol>	<p>The NSSRI is primarily focused on sodium and sugar reduction, but the NYC Department for Health does more broadly focus on these issues through our Nutrition Education and Nutrition Incentives teams.</p>
ASPHN, NFTSN, CDC	<a href="#">ASPHN FARM to ECE Grantee Programs</a>	<p>With funding from CDC-DNPAO and in collaboration with National Farm to School Network (NFSN), ASPHN’s CABBAGE and FIG programs provide technical assistance (TA) and funding to help states and localities initiate or expand Farm to ECE programs. These farm to ECE grantee programs support and build capacity across the nation to</p>	

		increase the quality of local ECE settings and increase access to healthy food and environments for young children.	
<b>American Heart Association</b>	<ol style="list-style-type: none"> <li>1. <a href="#">Healthy for Life <sup>TM</sup> Community Nutrition Program</a></li> <li>2. <a href="#">2021 Dietary Guidance to Improve Cardiovascular Health: A Scientific Statement From the American Heart Association</a></li> </ol>	<ol style="list-style-type: none"> <li>1. Healthy for Life Community Nutrition Program: A science-based, evaluated informed community nutrition and well-being program that empowers people to make healthy food, nutrition and lifestyle choices. Offers educational resources across six themes: Your Well-being, Cooking Skills, Grocery Shopping, Gardening, Globally Inspired Cooking and Growing Healthy Habits. Resources available in English and Spanish. <a href="#">HFL Experience Descriptions</a></li> <li>2. AHA's 2021 Dietary Guidance Scientific Statement: This scientific statement emphasizes the importance of dietary patterns beyond individual foods or nutrients, underscores the critical role of nutrition early in life, presents elements of heart-healthy dietary patterns, and highlights structural challenges that impede adherence to heart-healthy dietary patterns. Access <a href="#">free online 1 hour CE course</a></li> </ol>	
<b>AMCHP</b>	<ol style="list-style-type: none"> <li>1. <a href="#">Georgia Shape</a></li> <li>2. <a href="#">Touching Hearts and Minds</a></li> <li>3. <a href="#">Women Together for Health</a></li> </ol>	<p>AMCHP has some practices in <a href="#">Innovation Hub</a> that include strategies for increasing consumption of fruits and veggies. If you click on the implementation handout on each summary page, you'll see more in depth info about the F&amp;V-related components.</p> <ol style="list-style-type: none"> <li>1. Georgia Shape: Georgia Shape is a statewide, multi-agency, multi-dimensional initiative of Governor Nathan Deal that brings together governmental, philanthropic, academic and business communities to address childhood obesity statewide in school, health care and community settings. Georgia Shape began with the passage of the Student Health and Physical Education (SHAPE) Act in 2009 mandating physical</li> </ol>	The implementation guides for all 3 of these resources do contain some mention of fruit/veg. consumption, generally in the background or as an example. They do not include any specific initiatives or guidance to increase consumption.

		<p>fitness testing for all students enrolled in physical education. The expansion to a multi-stakeholder collaborative effort using a collective impact framework, began in 2012. Since its insertion, fitness and obesity rates have improved among some groups of children and physical activity and nutrition interventions, programs, and environmental changes continue to contribute to the program's success.</p> <p>2. Touching Hearts, Touching Minds: is a statewide message and educational materials that combine relevant, emotional 'pulse points' with current nutrition science to better connect with WIC families and more effectively promote the adoption of healthy behaviors. Developed by the MA WIC program.</p> <p>3. Women Together for Health is a comprehensive, culturally sensitive program called Women Together for Health (WTFH). WTFH is a free, community-based program that addresses modifiable lifestyle behaviors to improve the health of women and their families. This program was developed in 2002 to address issues of healthy weight, physical activity, proper nutrition, stress management, and tobacco use in women of childbearing age. WTFH is targeted to at risk populations, specifically women of color and those with limited education or income in order to reduce health disparities. Classes are taught in English or Spanish. From Maricopa County Arizona.</p>	
<p><b>National Fruit and Vegetable Consumption Coalition (NFVCC)</b></p>	<ol style="list-style-type: none"> <li>1. <a href="#">NFVCC main page</a></li> <li>2. <a href="#">NFVCC Brief Summary</a> (attachment)</li> </ol>	<p>The National Fruit &amp; Vegetable Consumption Coalition (FVCC) is dedicated to providing leadership that can help accelerate increased nationwide access to and demand for fruits and vegetables for improved public health.</p>	

		<ol style="list-style-type: none"> <li>1. <a href="#">Fruit &amp; Vegetable Gap Analysis</a>. The DRAFT Fruit &amp; Vegetable Gap Analysis: Bridging The Disparity Between Federal Spending &amp; America’s Consumption Crisis report was available for public comment from on Wednesday, January 5, 2022, until Friday, February 11, 2022</li> <li>2. <a href="#">State of the Plate Report</a> (2020, 2015, 2010 &amp; 2005) PBH State of the Plate: America’s Fruit &amp; Vegetable Consumption Trends research answers questions about the fruit and vegetable consumption crisis.</li> <li>3. <a href="#">2015 Nat. Action Plan Report Card</a>. This latest report outlines the progress that has been made in certain strategic areas related to fruit and vegetable consumption.</li> </ol>	
<b>International Fresh Produce Association (IFPA)</b>	<ol style="list-style-type: none"> <li>1. <a href="#">Advocacy Priorities: Nutrition, food safety, supply chain and workforce policy</a></li> <li>2. <a href="#">IFPA Update Summary</a> Document with various information (attached)</li> </ol>	<p><a href="#">IFPA</a> Mission: Our trade association represents companies from every segment of the global fresh produce and floral supply chain. We advocate, connect and guide to enhance members’ prosperity.</p> <p>Nutrition Strategy Priorities:</p> <ul style="list-style-type: none"> <li>● Support children’s access to a wide variety of fresh fruits and vegetables in school meals, WIC, and SNAP.</li> <li>● Secure a permanent place for fresh produce in USDA’s purchasing and distribution programs for those in need.</li> <li>● Create a new urgency to revamp federal feeding programs such as SNAP to focus on dietary quality.</li> </ul>	
<b>Consortium of African American Public Health Programs (CAAPHP)</b>	No link included	MCH-HBCU Alliance. The Alliance is a path to excellence in maternal, child, and family Health (MCH) using Innovation to achieve health equity by incorporating MCH Programs at Historically Black Colleges and Universities (HBCUs). Ten CAAPHP members will work to establish and strengthen MCH programs at HBCUs. These academic institutions will develop strategies to	

		reduce health disparities and improve MCH outcomes in communities across the US. For more information, contact Dr. Steve Owens, <a href="mailto:steve@asphn.org">steve@asphn.org</a> .	
<b>ASPHN's F&amp;VN Council's new resource</b>	1. <a href="#">CACFP Vegetable &amp; Fruit Snack Menu</a>	The CACFP Vegetable and Fruit Snack Menu was developed by ASPHN's Fruit & Vegetable Nutrition Council to help providers more easily plan, prepare and provide healthier snack options for children.	Not a partner resource, but a new ASPHN highlighted resource.
