## Monthly Update: WIC Developmental Monitoring Project

<https://asphn.org/learn-the-signs-act-early/>

### Upcoming Events

- **CANCELED! May 25th;** This will be canceled since it is during the NWA Annual Meeting
- **June 22nd, 11 am ET:** State Updates & Networking
- **July 27th, 11 am ET:** Referrals to Early Intervention Programs

Register in advance:

<https://us06web.zoom.us/meeting/register/tZUIce6vpjwoG9RyWi9A3BmuVF3FJj5jsvXy>

After registering, you will receive a confirmation email containing information about joining the meeting.

*\*Monthly trainings take place on the 4th Wednesday at 11 am ET.*

### Sharing Updates/Resources

Would your state like to be featured in an upcoming newsletter? Please send an update on what your state is working on regarding developmental monitoring by the 20th of the month to be featured in the following month's newsletter.

Send to  
[amberbrown@asphn.org](mailto:amberbrown@asphn.org)  
Thanks!

## NWA Conference Presentation & Get Together

ASPHN and CDC will be attending and doing a presentation at the NWA Annual Education & Training Conference later this month. We will be organizing an informal lunch or dinner at a nearby restaurant so we can all meet in person and do some networking. ASPHN will set this up, but you would be on your own to pay for your meal. If you will be attending the meeting, please fill out the following survey: <https://www.surveymonkey.com/r/28XNLRL>.

Also, be sure to visit the LTSAE booth while you're there!

## Check out ASPHN's New WIC Developmental Monitoring Project's Webpage!

Great news! ASPHN's Developmental Monitoring Project's Webpage has been updated! It now includes a more friendly layout and design. You can visit this webpage to see information about the project, information on virtual options for promoting developmental monitoring in WIC, helpful resources, past newsletters and recorded webinars, and more. Check it out here: <https://asphn.org/learn-the-signs-act-early/>. And please send any feedback to [AmberBrown@asphn.org](mailto:AmberBrown@asphn.org).

## Year 3 Infographic Now Available!

We are excited to share a new infographic about virtual options in WIC. The infographic attached is about Year 3 of the WIC Developmental Monitoring Project and the impact that virtual options have had for developmental monitoring in WIC. Please feel free to share this infographic.

## Looking for WIC Families to Feature!

ASPHN is interested in featuring a few WIC families who have been impacted by developmental monitoring in the WIC program. We would love to feature some in a newsletter blurb as well as have a couple of families who would be willing to join a webinar to share their experiences. We would love to know what their experience was with developmental monitoring, referral, and how it has impacted their child and family. Please email Amber Brown ([amberbrown@asphn.org](mailto:amberbrown@asphn.org)) if you have any families that we could

reach out to.

---

## Pictures and Videos

As you are probably aware CDC was unable to provide updated pictures and videos along with the revised milestones due to COVID-19. They should hopefully begin that process soon, but it will take some time. ASPHN has reviewed CDC's database of pictures that were taken for the original milestones and selected ones that match the new milestones. These were submitted to Dr. Jennifer Zubler, a pediatrician for CDC, and were approved for use. Below is the table that lists the pictures/videos in case it could be useful to you as you update materials. Send any questions to Amber Brown ([AmberBrown@asphn.org](mailto:AmberBrown@asphn.org)).
