## **Agenda Items from DNPAO 2021 and 2022 National Partner Check-in Meetings**

For nearly three years, the Division of Nutrition, Physical Activity, and Obesity at CDC has held meetings for the invited national organizations it identifies as partners. ASPHN is a national partner of CDC-DNPAO, and one or two consultants have attended the meetings. The meeting agendas have included updates on the Division's work and networking opportunities on specific topics in nutrition, physical activity, and obesity prevention. This information sheet includes the agenda topics and links to the meeting agendas and slides (if available) from these meetings going back to June 2021.

December 13, 2022

- This meeting provided DNPAO's national partners with opportunities to connect and learn with DNPAO's leadership and partner network around the [White House National Strategy on Hunger, Nutrition, and Health](#). Discussions revolved around the five pillars of the White House's National Strategy and collective focus areas for advancing health equity, improving nutrition and physical activity, and preventing and reducing obesity and diet-related diseases across the nation.

### **August 15, 2022 (agenda)**

- Military readiness
- Walking as a strategy for health and community-wide healing
- Reimagining youth sports and promoting unstructured play
- Essential infrastructure during national emergencies to facilitate physical activity and active transportation
- Greening school years and learning in parks for kids 3-5 years
- Integration of physical activity into the clinical setting
- Infrastructure funding to create access to everyday destinations • Moving Matters Campaign

### **April 20, 2022 ([slides](#))**

- Childhood Obesity Prevention & Management: Interventions That Make a Difference & the Role of Partners in National Action

Updated December 18, 2022

**Association of State Public Health Nutritionists**  
PO Box 37094 • Tucson, AZ 85740-7094  
[tel & fax] 814-255-2829 • [www.asphn.org](http://www.asphn.org)
