- **July 26th, 11 am ET:** Update from Funded States (NH, NJ, RI)

Register in advance:

<https://us06web.zoom.us/meeting/register/tZUIce6vpjwoG9RyWi9A3BmuVF3FJj5jsvXy>

After registering, you will receive a confirmation email containing information about joining the meeting.

***Monthly trainings take place on the 4th Wednesday at 11 am ET.**

Sharing Updates/Resources

Would your state like to be featured in an upcoming newsletter? Please send an update on what your state is working on regarding developmental monitoring by the 20th of the month to be featured in the following month's newsletter.

Send to
amberbrown@asphn.org
Thanks!

Check Out ASPHN's WIC Developmental Monitoring Webpage

Did you know that ASPHN has an entire webpage devoted to "Learn the Signs. Act Early." in WIC? You can visit this webpage to see information about the project, information on virtual options for promoting developmental monitoring in WIC, helpful resources, past newsletters, recorded webinars, and more. Check it out here: <https://asphn.org/learn-the-signs-act-early/>. This webpage is continually updated to include new webinar recordings and updated resources.

Want to see something else included on the webpage? Please send any feedback to AmberBrown@asphn.org.

Join us for Our May Online Training

Topic: Feedback Follow-Up Session & ASPHN's LTSAE Webpage Tour

During the April Online Training, we had a really fantastic feedback session where ASPHN and CDC learned a lot from each of you. We heard feedback from all of you related to developmental monitoring in WIC and CDC and ASPHN's support. We heard from you about what is working, what's not working, and what you need from us.

During our May training, we will be sharing with you the main topics that came up, how we can address them going forward, and answer questions that you have about this feedback.

Amber Brown will also share a quick tour of the ASPHN WIC Developmental Monitoring Project Webpage where there may be some resources of interest to you.

CDC's Milestone Tracker App Now Updated!

CDC's Milestone Tracker App has been updated to include the Milestones in Action Pictures and Videos in English. CDC is still working on getting the Spanish images/videos on the app.

In order to update the app, some people may need to go into their app store and hit update.

Networking Questions!

During Year 5, we will be doing more networking calls. Please send me any questions or topics that you are interested in talking with other states about. Please email amberbrown@asphn.org with your suggestions!

You are receiving this monthly newsletter because you are a part of the ASPHN WIC Developmental Monitoring Project. This newsletter will feature updates from states within the project about what they are doing and successes and challenges they have had, information about upcoming trainings, and other news. If you have anything you'd like to contribute, you can reach out to Amber Brown at AmberBrown@asphn.org.

Thank you!
