Monthly Update: WIC Developmental Monitoring Project

<https://asphn.org/learn-the-signs-act-early/>

ASPHN and CDC Updates

Project Funding Update!

The WIC Developmental Monitoring Project period formally ends on July 31st, with wrap-up activities taking place in August. Fortunately, this project is not over! We will be continuing this project and resuming online trainings and outreach in October. Feel free to contact me with any questions. Looking forward to our continued work together! Thank you for all you do to support families through WIC.

We hope that all of our Technical Assistance states will continue being a part of the learning collaborative for the upcoming year. If you are no longer interested in participating, please email AmberBrown@asphn.org.

Upcoming Events

- Online Trainings/Webinars will resume in October.

**Monthly trainings take place on the 4th Wednesday at 11 am ET.*

Sharing Updates/Resources

Would your state like to be featured in an upcoming newsletter? Please send an update on what your state is working on regarding developmental monitoring by the 20th of the month to be featured in the following month's newsletter.

Send to amberbrown@asphn.org

Upcoming Webinar: Engaging Families to Support Early Childhood Development in the Health Center Exam Room and Beyond

Join the Centers for Disease Control and Prevention and Early Childhood Developmental Health Systems: Evidence to Impact Center for a **webinar on Thursday, August 8, 4-5:30 PM EDT**. Discover how to engage families in early childhood developmental monitoring with help and **FREE** resources from CDC's "Learn the Signs. Act Early." program.

This event is tailored for federally qualified health center providers and staff but is also beneficial for anyone who interacts with or supports programs for, young children and their families.

Year 5 Extension Survey Results

Thank you to those who filled out the end-of-year surveys in June! We conducted a survey to gather feedback from both state-level and clinic-level WIC staff about the DM Project for WIC. We gathered feedback on both the Year 5 Extension (August 2023-July 2024) and the full 6-year project (2018-2024). There was a separate survey for state-level staff and clinic-level staff. Click the button below for a high-level overview of the highlights.

We hope you can use these results to inform your work with developmental monitoring going forward. ASPHN and CDC will be using these results as we continue the project in October. For more details about these results, please contact AmberBrown@asphn.org.

Did You Miss Our July Online Training? Check Out the Recording Below

Topic: Update from Year 5 Intensive States

Description: Join us to hear from the Year 5 Extension Intensive (Funded) States: Arkansas, Louisiana, New Jersey, and North Dakota. They will share what they have worked on over the last year, successes, lessons learned, and their plans for the future.

WIC Programs Presenting:

- Arkansas WIC
- Louisiana WIC
- New Jersey WIC
- North Dakota WIC
